

Year	DL	Location	Topic
2012	Reza Zoughi	Manchester, UK	Microwave Nondestructive Testing and Imaging
	Wuqiang Yang	Norway	Electrical capacitance tomography for imaging industrial processes
	Jacob Scharcansky	Argentina	From Imaging Data to Useful Visual Information and Measurements
	Kim Fowler	ICCCE 2012, China	Bringing a Medical Device to Market
	Wuqiang Yang	Hangzhou/Dalian, China	Electrical capacitance tomography for imaging industrial processes
	Jacob Scharcansky	Hungary	From Imaging Data to Useful Visual Information and Measurements
	Phil Bartley	St. Petersburg	Techniques for measuring the electromagnetic properties of materials
	Abdulmotaleb El Saddik	UAE	Multimedia Communications and Distributed & Collaborative Virtual Environments
	Abdulmotaleb El Saddik	New Zealand	Multimedia Communications and Distributed & Collaborative Virtual Environments
	Wuqiang Yang	Connecticut, USA	Electrical capacitance tomography for imaging industrial processes
	Wuqiang Yang	Chemnitz, Germany	Electrical capacitance tomography for imaging industrial processes
	Shervin Shirmohammadi	Harbin, China	3D Mobile Multimedia: Research Challenges and Opportunities
	Reza Zoughi	Taiwan	Microwave Nondestructive Testing and Imaging
	Branislav Djokic	Montreal, Canada	Why Metrology Matters to Electric Power Systems
	Annamária R. Várkonyi-Kóczy	Italy	"Anytime" Processing – An Effective Way to Overcome Time and Resource Limitations
2013			
	Wuqiang Yang	China	Electrical capacitance tomography for imaging industrial processes
	Annamária R. Várkonyi-Kóczy	Jaipur, India	"Anytime" Processing – An Effective Way to Overcome Time and Resource Limitations
	Wuqiang Yang	Bahrain	Electrical capacitance tomography for imaging industrial processes
	Reza Zoughi	Harbin, China	Microwave Nondestructive Testing and Imaging
	Jacob Scharcansky	CA, USA	From Imaging Data to Useful Visual Information and Measurements
