

# 2021 11<sup>TH</sup> IEEE International Workshop on Applied Measurements for Power Systems

September 29 - October 1, 2021 | Virtual Workshop

## CALL FOR PAPERS

### IMPORTANT DATES

**May 28, 2021**

Submission of Full Paper

**June 25, 2021**

Notification to Authors on the Decision

(*acceptance – minor revision – rejection*)

**July 23, 2021**

Full Manuscript & Author Registration

### ORGANIZERS

#### General Chair

**Carlo Muscas**

University of Cagliari, Italy

#### General Co-chair

**Lorenzo Peretto**

University of Bologna, Italy

#### Technical Program Chair

**Antonello Monti**

E.ON Energy Research Center  
RWTH Aachen University, Germany

#### Steering Committee

**Mihaela Albu**

Politehnica University of Bucharest, Romania

**Julio Barros**

University of Cantabria, Spain

**Alessandro Ferrero**

Polytechnic of Milano, Italy

**Roberto Ferrero**

University of Liverpool, UK

**Ferdinanda Ponci**

E.ON Energy Research Center  
RWTH Aachen University, Germany

**Johan Rens**

North West University, South Africa

**Sara Sulis**

University of Cagliari, Italy

**Roberto Tinarelli**

University of Bologna, Italy

### 11<sup>TH</sup> IEEE INTERNATIONAL WORKSHOP ON APPLIED MEASUREMENTS FOR POWER SYSTEMS

The workshop deals with all the aspects related to measurement applications in new power systems and networks (Smart Grids) and has the main goal of encouraging discussion on these topics among experts coming from academia, industry and utilities.

The main topics on which AMPS 2021 is expected to represent a qualified forum for providing contributions to the advancement of knowledge include, but are not limited to:

#### TOPICS OF INTEREST

- » Conventional and nonconventional current and voltage sensors
- » Phasor Measurement Units
- » Measurements systems and devices in Smart Grids
- » Distributed measurement systems
- » Measurements on electric power plants and machines
- » ICT issues in power system measurements
- » New generation of revenue metering
- » Measurement systems for diagnostic in power networks
- » Definition and measurement of Power Quality indices

Prospective authors should submit a **5–6 pages FULL PAPER**, consisting of a complete description of the proposed technical content and applicable research results, using the on-line submission system. After the review process, the decision could be: **acceptance, minor revision or rejection**. In case of revision, papers will be accepted only upon condition that the changes requested by the Reviewers are satisfactorily addressed by the Authors in the final submitted papers, which will be checked by the Technical Program Committee. **Final papers may be rejected if the Reviewers' remarks have not been properly addressed.**

A submission implies willingness to register and present the work if the paper is accepted for presentation at the Workshop.
